

NEW to the TYPAR® DrainableWrap™ family.

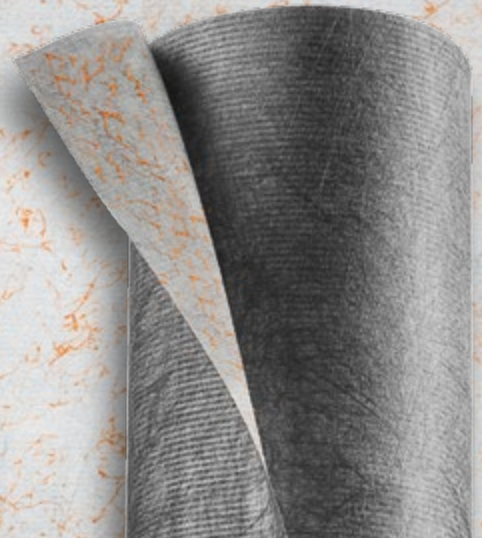

DRAINABLEWRAP™ PEEL AND STICK

**Defend Against Excess Moisture
Without Excess Effort.**

DRAINABLEWRAP™ COMMERCIAL

**The Bulk Water Beater for
Four Stories and Above.**

Thanks to our patented meltshot technology that adds an integrated layer of fibers to create an effective drainage plane, our DrainableWrap channels wind-driven rain and bulk water away from your structure. Better still, it's TYPAR, meaning you also get exceptional strength, surfactant resistance, optimal breathability, and unbeatable UV protection.
